Health Policy

In compliance with the health and safety guidelines of our state, we have implemented additional sanitation measures in order to promote the wellbeing of your children and our staff.

Children and staff will regularly wash hands. Staff will sanitize toys, surfaces, and equipment frequently. As masks are not required during exercise, outdoor activities, or meals, students are not required to wear masks. Masks are optional.

To prevent the spread of germs, we will limit the seating at tables during snack and lunch. In addition, we ask that students refrain from sharing snacks.

If your child has tested positive for COVID within the past 14 days, or if your child has a fever of 100.4 degrees or higher, please contact our staff immediately. Our staff will offer direction based on the current state guidelines. Our staff reserves the right to refuse service to students exhibiting [COVID symptoms](#). See our [COVID statement](#) for further information.
